

WELL, YOU OWN THAT GUARD DOG . . .

BUT DID YOU KNOW IT CAN BE

A FAMILY PET AND STILL DO ITS JOB?

Too often homes contain guns for safety but everyone in the home is in danger. The spouse knows where the gun is. It's between the mattress, in the sock drawer, under the bed, ready for any emergency. You've plinked at tin cans, and loaded and unloaded it after you got it. Well, maybe you have, but it was only once. Never mind your grip is wrong, your sites aren't adjusted and your spouse is really terrified of the beast. And when faced with pulling the trigger when your family is threatened, will releasing the safety FIRST be an automatic response?

You intended to take a gun safety class but you're convinced you know the gun well enough, and a class is expensive, boring or both. You have a golf game. You'll take a class some other weekend.

LADIES AND GENTLEMEN, Custer Sportsmen's Club wants you and/or your spouse to come enjoy yourselves and receive safety instruction that's built right into a beginner's **Steel Challenge Competition**. Learning while having fun is the best educator. Be on a Teddy Bear Squad with a strong mentor at your side for four hours.

You'll go home with a new pet.

Not in need of a Teddy Bear Squad?

Perhaps you're a skilled gun handler but often wondered what competition would be like. The same **Steel Challenge** will place you on a squad appropriate for your skill level. **We're sure at the end of the day you'll leave safer and more comfortable with that gun of yours than you ever dreamed possible.** AND we bet you'll be back for more.

Custer Sportsmen's Club has a **Steel Challenge** set up on the third Saturday and Sunday of every month for any level marksman. The Challenge is **\$15**, and you'll need two magazines and about **250 rounds** of ammo.

Signup is at 9:30 AM for experienced shooters and newbies alike.

Directions: I-5 North, Exit 270 (Birch Bay-Lynden Road)– Turn right. The Custer Sportsmen's Club is on the left about a mile from the freeway. Drive down the dirt road that is at the FAR right side of the long block building. The stats shack is at the center of the range. **(360)-366-3150 = www.sportsmensclub.com**
